27” Electric Burnisher

DP-BRN27-E

The DP-BRN27-E is a state-of-the-art burnishing machine delivering top performance and a shiny gloss without the loudness and emissions associated with propane or older electric models. It’s powered by cutting-edge lithium technology, offering unparalleled power and longer operational times. This leads to more efficient work and significant savings in time and labor. Its ultra-quiet operation, smooth handling, and innovative dust collection system allow the BRN27-E to improve your business, floor by floor, and it can operate while people are present in the building without any noise or emission problems.

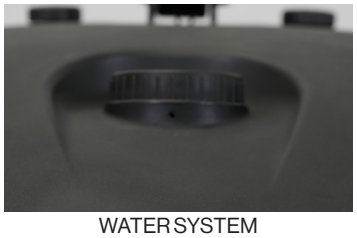

BENEFITS

- Zero emissions
- Whisper quiet
- Low vibration
- Significant 240% increase in productivity vs. corded
- 80% more power, longer runtime, and 5x battery life vs. lead-acid

SPECIFICATIONS:

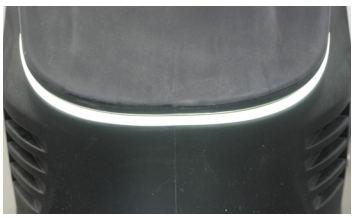

Burnishing Width	27”
Motor Power	5 HP (3750 W)
System Voltage	72 V
Battery Technology	Lithium Ion (LFP)
Battery Capacity (Single)	60 AH = 4.32 kWH
Battery Capacity (Dual)	120 AH = 8.64 kWH
Runtime (Single)	2.0 Hrs
Runtime (Dual)	4.0 Hrs
Productivity	Up to 34,000 SqFt / Hr
Pad Speed	1200 - 1850 RPM (Variable)
Sound Level	<63 dBa
Pad Pressure (Head Wight)	8-50 Lbs (Variable)
Dimensions (LxWxH)	29”x64”x42
Weight	260 Lbs
Water Tank	10 Gallons

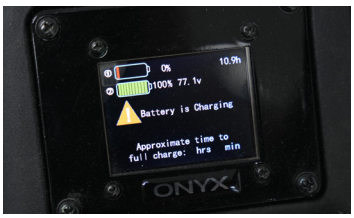

ERGNOMIC COMFORT GRIPS

WATER SYSTEM

DC BRUSHLESS MOTOR

LITHIUM BATTERY

LED LIGHT STRIP

DIGITAL DISPLAY

ONBOARD CHARGER

HEAVY DUTY DECK
AND LIFTING HANDLE
