# DIAMA-JOINT FILL PLUS

## Proprietary Polyurea Joint Filler with Microban® Antimicrobial Product Protection

### OVERVIEW

Diamapro Joint Fill Plus with Microban® product protection is a two-component, heavy duty, semi-rigid polyurea joint filler designed for use in filling and protecting control joints in high traffic concrete floors. As it rapidly cures, it creates a seal that allows concrete slabs to naturally move and shift. Its bond strength enables the product to release from the joint face minimizing stress on the concrete shoulder while incurring high levels of joint movement or concrete shrinkage. This low VOC product helps to support the shoulders of joints and cracks to minimize further edge spalling. It is formulated to withstand vibrations and the ongoing abuse of forklifts, vehicles, and heavy traffic.

### ANTIMICROBIAL PRODUCT PROTECTION

Diamapro Joint Fill Plus with Microban® is infused with Microban® Technology. Microban® antimicrobial protection works to combat the growth of bacteria, mold, and mildew on protected surfaces. It keeps floors cleaner and reduces odor by preventing damaging microbial growth before it can start. For applications where sanitation is crucial – such as cafeterias, restaurants, supermarkets, healthcare facilities, pharmaceutical labs, schools, restrooms, kennels, and veterinary offices - Diamapro® treatments with Microban® technology are the ideal solution.

### FEATURES & BENEFITS

- Two-Component, Heavy-Duty, Semi-Rigid Polyurea Joint Filler
- Fills and Protects Control Joints in High-Traffic Concrete Floors
- Odorless with No Toxic Vapors
- Gels in Minutes, Eliminating Tacking & Optimizes End-User Timelines & Contractor Productivity
- Meets USGBC's LEED® Requirement of IEQ Credit 4.1
- Bond strength <400 psi. Designed to Release from the Joint Face Minimizing Stress on the Concrete Shoulder While Incurring High Levels of Joint Movement or Concrete Shrinkage.
- Durable and Will Not Smear When Polished
- Microban® Antimicrobial Product Protection
- Product is Ready-To-Use
