

Diamapro Systems

DIAMACLEAN-30

RECOMMENDED USES

- Polished Concrete Floors
- Resinous Flooring
- Terrazzo Flooring
- Natural Concrete Flooring
- Vinyl Composite Tile Flooring (VCT)

ADVANTAGES

- Formulated to follow the EPA's Safer Choice Program.
- Has no phosphates, hazardous solvents, or environmentally harmful surfactants.
- Maintains concrete floor shine when used in conjunction with the Diamapro® Sparkle Pad System.
- Removes most common soiling.
- Fragrance free. Dye free. Readily biodegradable. Low toxicity.
- Concentrated for economy of storage & transport.
- No rinsing is necessary for routine surface cleaning of floors.
- Ideal for auto scrubbers.

Diamapro Systems' Diamaclean-30 is an ultra-concentrated, fragrance-free cleaner designed for the maintenance of concrete floors, including those treated with lithium silicate hardeners and densifiers. This unique formulation of degreasers and detergents effectively tackles common daily dirt and grime on concrete surfaces. Ideal for a wide range of environments such as warehouses, manufacturing plants, schools, stores, hospitals, and restaurants.

Used as part of Diamapro® Systems comprehensive maintenance program, Diamaclean-30 helps ensure the highest appearance and performance standards for all indoor solid surface flooring.

Meets the intent of the EPA's Safer Choice Program, Diamaclean-30 is formulated to be safer for workers and the environment. The solution also offers more positive environmental and human health characteristics than conventional cleaning formulations.
