

DIAMA-TINT 2.0 - COLOR CHART FOR DIAMA-JOINT 2.0 AND DIAMA-GROUT 2.0

This color chart allows you to visit your nearby Sherwin Williams store and pick up a color sample. When mixed into either a ten-gallon or two-gallon kit, each color tint pack will produce the shade displayed on the sample. Concrete gray serves as DiamaPro's standard base color to which all tint packs are added. You can order DP-2.0-PACK2 for the two-gallon kit or DP-2.0-PACK10 for the ten-gallon kit. Select your color.

ALL CARTRIDGES SHIP PRE-TINTED
Coverage rate is approximately 1200-2000 sqft/ 2 gallon kit
