

SCRUBBER

DP-SCRUB20 Walk Behind Scrubber

DP-SCRUB20

The DiamoPro Systems DP-SCRUB20 is a 20 inch pad assisted walk behind autoscrubber. It features 2 gel batteries that require no maintenance or water to be applied. It is an easy to use, durable unit. This autoscrubber stands up to concrete slurry pickup and many charge cycles.

The DP-SCRUB20 walk behind floor scrubber delivers high productivity and cleaning performance you can count on. The DP-SCRUB20 is built for job site use. It's rugged construction ensures it is ready to work when you need it.

The DP-SCRUB20 is operated by just a few switches and mechanical levers, operator can be ready to scrub the floor with a brief training. It is an extraordinary value. Save labor with a large scrub deck on a machine that fits into your hard floor care program budget.

This unit is perfect for hard floor cleaning programs found in retail, convenience stores, healthcare, schools, airports, and hospitality.
